WEDNESDAY, SEPT. 18, 1907.

"No wind can do him good who steers for any port." Have your eye on the goal and pull for it with both arms.

The judge at an Asbury Park baby show dropped dead j at before returning his decision. Perhaps the easiest way out of it.

Let the Lynchburg News and the News-Leader go a step farther and designate the day for holding the Virginia Democratic Convention, preliminary to the National fight.

Chancellor Day, of Syracuse University, is decidedly against the third-term proposition. That will undoubtedly tend to keep up the third-term talk.

Evidently the Jamestown Exposition is now ready for the public, and the crowd is making that say. There is but one verdict now and that is "splendid success." Go and take the children with you. Of course you would not go and leave the "old woman" behind.

The latest suggestion as to who is to do with Mr. Roosevelt after his term expires is to send him to the Philippines as Governor-General. No objection on our part as we feel quite confident if he does go he will soon make a sale of the whole affair and thus relieve us of something worse than a white elephant.

That was a mere whisper as to the rallying of the Montague forces in the State, beginning in the 3d Congressional district with the gifted leader opposing Congressman Lamb, but it may break out into thunder toner, ere long. The ex-Governor may be strong enough to smash precedents as applied to ex-Governors and "come again." Virginia may again honor this chivalric son.

The American Bar Association at its recent session, by resolution "condemns the treatment of State Insurance Commissioners as political prizes, to be distributed as such without regard to fitness or knowledge of the insurance business." That's good, but what are you going to do about it? They all do it.

The citizen of the community who fails to contribute to the support of the church neglects an important, public duty, for it must be admitted that the church does more to promote good order and love in society than all other influences combined. We support our Courts and jail and peace officers by taxation and ought to help the churches of our own free will and accord. Not grudgingly but graciously, not as a tax but as a great privilege.

The Taylor-Throttle Magazine published in Nashville, Tennessee, and of which Senator Taylor is associate editor, measures well up to the highest standard of magazine excellence. The reading matter is equal to the rest, and the advertising departments speak well for the business management. We have long since had our manufacturing plants, our insurance companies are multiplying, and now we are going to be independent on literary lines. The better, lighter day is dawning for our Southland. "The glorious privilege of being independent."

The summer is ended, the leaves will soon be falling and the flowers fading. It is called the dying season of the year, the sad season, but as "blessings brighten as they take their flight," so with the falling leaf, the fading flower, the dying year they take on new beauty as they fade and fall and die. And now the days of summer have gone carrying by. "The golden moments in the stream of life rush past us and we see nothing but sand, the angels come to visit us and we only know them when they are gone." And yet memory has its treasures that it will not let go, and hope tells of a new year and a new flower. We stand by the opening grave of each dying year cheered with the hope of a resurrection spring and another summer of fruition.

Revival in Buckingham.

Rev. J. J. Spencer will begin a series of meetings at Mosney school house on the 4th Sunday, the 22nd. There will be preaching at 3 o'clock and 7:30 each night throughout the week. He hopes to have Rev. Mr Davis with him.

Sheppards.

Mr. A. C. Garrett, who perhaps was as well known and as popular as any man in our county, died on September 10th, and was buried in Smyrna cemetery on the 12th. Mr. Garrett was for many years a steward in Smyrna church and was always the most liberal contributor to the support of the ministry. He lived to a ripe old age, and departed this life with the assurance of "an abundant entrance" into that brighter and better life above.

Our people keep busy and just now they are cutting and housing their tobacco, which will be considerably better quality than the average, and perhaps the quantity will be almost up to the average of the past few years, notwithstanding the fact that farm labor has been unusually scarce and hard to get this year.

More pulmings have been sold than ever before and at splendid prices. Who ever heard of $5.00 per hundred for primings until this year? Yet, a number of my neighbors have gotten that and more.

The American Tobacco Trust can very appropriately say to the Farmer's Protective Association in the words of the very expressive slang of the picture post-cards, "Wot you cryin' bout. Ain't I said you?

Quite a number of our Buckingham people have bought or rented houses in Farmville, in order that they might educate their daughters (and sons too) at the splendid schools in that progressive town, and others will follow their example.

Alcoma.

We are a little town, small in numbers, but mighty in ourselves, and like to be heard from occasionally.

Miss Mabel Denton has returned from a visit to her uncle at Newport News. While there she took in the Exposition. She reports a nice time. She was accompanied as far as Richmond by her cousin Miss Ethel Don ld, of Lynchburg.

Mrs. E. V. Scruggs is home once more. We extend her a welcome.

Miss Ida Fulwider and brother, Mr. Archy Fulwider, of Raphine, Va., are guests at the home of Mr. C. R. Rose.

Mrs. W. Fred Whateley, of Wingina, who was formerly Miss Bessie Rose, paid her home a flying visit this week. She was accompanied home by her sister, Mrs. Richard Davidson and little daughter, Pauline.

Mr. J. B. Gilliam, has been quite sick is better at this writing.

Miss Lizzie Gilliam, who is sick at the retreat in Richmond, will soon be home to recuperate her lost strength.

We have had flying visits this week from Mr. and Mrs. Keene Longborn, Mrs. Bondurant and Miss Fannie Bondurant, Judge Hall, Mr. R. A. Hall and others.

Long Creek.

Rush, rush is the pass word now. Tobacco to be cut and feed to be saved.

The city cousins have come and gone and soon the young people will be leaving for their schools.

Little Thomas Wingfield, who had his arm broken by falling from a horse, is getting along nicely.

Mr. Russell Thomas, of Oak Hill, W. Va., visited his sister and brother, Mrs. G. T. Farrar and Mr. Walter Thomas last week.

Rev. George Pankey was the guest of Mr. G. T. Farrar last week.

Mr. Baker Pullun, of Lynchburg visited relatives here last week.

Little Willie and Ruby Hudson, who have been spending the summer with their grandfather, Mr. G. F. Farrar, returned to their home in Roanoke last week.

Rev. Mr. Riley, a member of the Anti-saloon League, preached a fine sermon at Evergreen M. E. Church the second Sunday. It left the lovers of the glass some pretty hard licks.

Dr. Frank Fisher is assisting Mr. Hubble in a revival at Central this week, but owing to the very busy season few are attending mourners bench.

The 4th Quarterly Conference will be held at Trinity, West Charlotte circuit the 1st Saturday and Sunday next.

Arcanum.

J. Cameron Hollifield and wife of Newport News are visiting at Mr. Hollifield's here.

Miss H. Gen Hollifield, of Chatanooga, Tenn., is at her parents Mr. and Mrs. W. S. Spencer's. Her last visit home was nearly two years ago.

The Misses Stiger and Hollifield returned last week from the exposition.

Mr. Ashby Davis and wife returned to their home in Manchester on Saturday, after a short visit to Mr. W. H. Davis.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

A Mineral Water that Defies Drugs
NATURE'S GREAT BLOOD TONIC

The recent drug exposures in this Country have proven to all that deadly poisons and stimulants lurk in many Patent Medicines. You never know when you might be taking some of that class.

Nature has made ample provision for restoring vigor and vitality to humanity, and the public, as well as doctors, resort to Natural Remedies, when all others have failed.

Are you troubled with **Dyspepsia, Nervousness, Malaria, Kidney or Bladder Trouble, Chronic Diarrhoea or Dysentery**, and above all, that dreadful disease **Scrofula**, which has almost baffled human skill, or **Diseases peculiar to Females?**

Piedmont-Bedford Concentrated Iron & Alum Water

Is Nature's Remedy for Nature's Ills. Yes, when you consider that disease comes from impoverished or run down conditions of the system, this Natural Mineral Water furnishes the system what it needs.

The analysis of this Water, shown on the bottle, tells you what **Nature thinks you should take when sick,** and the doctor who reads it will agree.

Do you think the grouping together in this Water of 17 different minerals, which are recognized by medical writers as **most powerful blood tonics,** could have been accidental? Reason answers, NO!

An 18oz bottle of Piedmont-Bedford Concentrated Iron and Alum water contains all the minerals of 25 gallons of the average natural water—Then **why buy a barrel of water when you can get a bottle of minerals at the trivial cost of one dollar.** The dose is a teaspoonful in a glass of your own spring water.

How this Water acts upon the system is not clearly known. It is judged mainly by its works. It has cured all the diseases numerated above, and many more, evidently through its action as a powerful **BLOOD TONIC.**

We have many valuable certificates, which we will be glad to mail, if you are interested.

The road forces are at work again in the county. We notice only one hand at work with one of the forces, he ides the driver and machine operator. This seems a waste of public money. Why not organize a road force for each district and work the roads in a proper way? Large sums are being spent on roads now and the people will require good results.

Mr. and Mrs. Walter Hancock returned from Richmond last Saturday, where Mrs. Hancock has been in the hospital, and where she had a very dangerous operation performed for nervous facial trouble. The operation was successful, and she is getting well fast. She will in all probability be entirely relieved of the trouble, from which she has suffered for years.

A Good Quarterly Conference.

One of the best Quarterly Conferences we ever attended was the one at Hermon on last Saturday. The people at Hermon don't do things by halves. They treated us royally and we shall be glad when we meet there again in Rev. J. W. Shackford preached a most excellent sermon, which we all enjoyed.

Rev. W. L. Murphy, pastor in charge, was complimented by the chair for the excellent reports which he gave of his work.

The debt on Mt. Comfort church has been raised and paid since the third quarterly conference; also the debt on Hermon church has been curtailed down to less than twenty-five dollars, which is the only debt now on any of the churches, and that will be paid before Conference. However Memorial is to expend $250.00 towards improvements between now and the Annual Conference.

Gracious revivals have been held on the charge, and between thirty and forty persons have been added to the church.

The folowing resolutions were offered by Commonwealth-Attorney S. L. Ferguson, Chairman of the Board of Stewards, which was signed by every member present at the Quarterly Conference.

WHEREAS, Rev. W. L. Murphy, who has served the Appomattox Circuit for two years, has endeared himself to the people of his churches, and to all the people of every denomination by his earnest Christian life and Godly example, as a man, by his faithful ministry as a pastor, and by his acceptable preaching, and

Whereas, we feel that his usefulness has only begun in this field, and that great good to the cause of Christ and to the church will result from his return this circuit."

Therefore, Be it Resolved, That the Presiding Elder of this District be, and he is hereby requested to use his influence in having Brother Murphy returned to this Circuit.

Notice.

I take this method of thanking my friends and the general public for their kind attendance upon my father during his sickness as well as his death and burial.

C. S. MORTON.

Down in Dinwiddie.

DEAR TIMES:—For quite a long time I have not appeared in your columns, but other articles of more interest have entertained and instructed your readers.

I have been very busy in church work all the summer. Have held three revival meetings on my own circuit, assisted by able brethren with encouraging results. I spent a pleasant week assisting Rev. W. L. Jones at St. Mark's church, Burkville circuit, and later delivered a Sunday school address and lecture at the same church. Recently I spent a week with Rev. R. S. Baughan, at Oak Grove Church, Wakefield circuit.

As I traveled through these various sections of country I could but observe the evidences of prosperity everywhere, but in Sussex county it was unusually so. In that county they grow no tobacco, corn, cotton and peanuts being the staple crops. One of the most prosperous farmers in Nottoway told me he had planted his last crop of tobacco.

In Dinwiddie county the farmers are planting more corn and peanuts and less tobacco. They say it takes too much labor to raise tobacco, so the labor problem may solve the tobacco problem. Make such crops as can be cut with machinery seems to be the trend down here.

One man has sold 100 barrels of corn at $4.00 per barrel. He will make about six bales of cotton, two hundred barrels of corn, two thousand bushels of peanuts, besides wheat, oats and hay. He is among many. Much attention is given to hog and cattle raising. No hams in Virginia can surpass those raised in Sussex.

The lumber business is still of vast magnitude in this whole belt of country, and some men are making large fortunes dealing in timber. The Tidewater railroad is going to be of great advantage as it will open up large tracts of timber land and furnish markets for farm produce in a few years this is going to be the ideal section of Virginia and the tide of prosperity has begun to flow this way.

While in Wakefield I was shown through the Bain Brothers peanut factory, and had explained to me by the manager, Mr. Owen. It is a great business. The Bains are active Methodists, one of them being a steward.

Wakefield is a beautiful, quiet and cultured town of about 800 population. Just now it is on a boom and building lots in demand. They are building a ten thousand dollar school house.

Next week, I will send our daughter Bessie, to Lynchburg to the high school

Some friends recently sent Mrs. Bell a purse of $15.00, so that she could go to the exposition, as a present, and we will probably go in October, when it will be cooler, and oysters plentiful.

It is just two months till Conference, and we anticipate many changes. Great is the itinerant system of ministerial supply.

P. M. BELL.

Deafness cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
